

## ***Wickenburg Landscape Celebrates 30 Years in Business***

March 8, 1981 seems so long ago, but how time flies when you're having fun. Wickenburg Landscape and Irrigation (WLI) was started by Bill Wolfe in the back of a Toyota Tercel. Looking back on our humble beginning we are very grateful to have made it this far. How Bill was able to start a landscaping company in a tiny car is still a funny story but over the years as we grew and built our reputation we established ourselves as one of the leading landscaper companies around Wickenburg. Today with a permanent staff of 14 we have been able to start giving back to our community through donated projects. We look forward to giving back to the community that has helped us become who we are today.

## ***Building a better Wickenburg***

Here at Wickenburg Landscape and Irrigation Inc.(WLI) we are committed to keeping our historic town as beautiful as possible. With the cutbacks in our town's budget, there has not been the necessary funds to maintain some of our natural beauty around town. As a result several years ago WLI decided to increase our donations to the Town. For the past six years we have donated all the maintenance and irrigation work at the Respite Care Center. Aaron Wolfe joined the Town's Parks and Recreation Commission to see where our services could best be used. From the larger projects like the dog park tree installation last year to redoing the softball pitching mounds for a recent tournament we are looking for ways to give back to our community. For the past 16 months we have also been negotiating with the Town on taking care of parts of the downtown streetscapes or the roundabouts at no charge. When ADOT turns over the roundabouts to the Town of Wickenburg we look forward to helping maintain/add to people's "first impression" of our unique town at the entrances of our wonderful city. WLI and its employees will lead the way for others, companies and individuals, to find creative ways to help maintain the beauty of our historic town that we call home.

### **Upcoming Events:**

- ◆ Arbor Day
- ◆ Spring
- ◆ ICPI 5/26, 5/27

**WICKENBURG LANDSCAPE & IRRIGATION, INC.**

## Highlighted Product

**Rosetta Hardscapes Belvedere  
Retaining/ Free Standing Wall**

Wickenburg Landscape is proud to introduce a new style of retaining walls to the Wickenburg area.

Rosetta Hardscapes Belvedere wall are molded from highly weathered natural stones in 64 unique stone textures. This allows us the flexibility to build two sided seat walls, tiered walls, fire pits, outdoor kitchens and small garden retaining walls.

With this new product line we are able to install more natural looking surfaces with our walls, to blend into your landscape better. This adds a level of detail that is comparable to natural stone without the extensive labor and upkeep that natural stone requires.
