

Project Checklist

Prepare a list of the areas you want to create.

Sidewalks, Patios, Driveway, Pool deck

Have you set a budget?

Does your project include retaining walls or courtyard walls?

Are steps required for your project?

Do you want a water feature or fire pit?

Do you want an outdoor kitchen?

Is the manufacturer a member of the ICPI and ICPI Arizona chapter?

Does the manufacturer produce to ASTM Standards?

Contact local utility service to mark underground utilities.

Locate and mark underground lawn and sprinkler lines.

Did you get HOA approvals, permits and hours of operation?

Identify location for delivery of materials.

Confirm paver and wall patterns and colors with contractor as well as anticipated cuts during installation.

Determine if retaining walls require engineering.

Confirm time frame required to complete your project.

Should I seal my pavers?

Should I use polymeric sand?
